

**CENTER GROVE
EDUCATION
FOUNDATION
ANNUAL REPORT
2016-2017**

It is an exciting time at the Center Grove Education Foundation! We awarded over \$57,000 in grants and \$52,000 in scholarships during the 2016-2017 school year. Thanks to our donors, we are able to provide additional curriculum resources and new technology for our students, along with up-to-date professional development training for our teachers and staff.

While we funded some amazing projects, there were many we had to turn down. Those tough choices have challenged and energized us to continue our efforts to raise even more money.

We are fortunate and grateful to be a part of a community that recognizes the importance of education for our children, families, and local economy. The generosity of area businesses and individuals is essential for us to fulfill our mission – to enrich the lives of all Center Grove Community School Corporation students by funding additional learning experiences and resources for teachers and administrators.

We hope that you understand our appreciation of the significant role you play in the continued success and achievement of our students, teachers, and administrators!

With sincere thanks,

Jennifer Rakow
Executive Director
